

Hobbyist License Plates Information and Application

MV2388 11/2014 s.341.266 Wis. Stats.

Things you should know

To qualify for Hobbyist plates, **you must own or lease at least one other motor vehicle for regular transportation** with current, valid registration in Wisconsin under the same name(s) as the Hobbyist vehicle. Complete section **C**.

Hobbyist plates are non-expiring for as long as you own the Hobbyist vehicle. **Vehicles with Hobbyist plates cannot be operated during the month of January unless a special temporary plate is purchased** (form MV2750).

Temporary plates are not available while original applications are being processed.

If you previously had a Hobbyist plate, but no longer own the vehicle, pay the same fee as when applying for a second or subsequent hobbyist registration. See fee schedule.

WisDOT assigns a hobbyist number to each vehicle hobbyist. That number, plus an alpha character, is issued to other hobbyist vehicles owned by the same person. **Hobbyist plates cannot be personalized.** For second or subsequent plates, allow approximately 3–4 weeks for the manufacturing process after the Certificate of Registration has been issued. Truck-type vehicles with Hobbyist plates cannot haul more than 500 pounds. Do not include the weight of a camper, lid or cap that is mounted on the truck or the weight of any persons or pets.
